BEST HI-FI INNOVATION
DEVIALET
ENSEMBLE 120/GT 1SE

GROUND-BREAKING TECHNOLOGY and sophisticated good looks are what set this French amp and speaker ensemble apart from any other 'packaged' hi-fi system. The sleek design of Devialet's entry-level 120 amp belies its hybrid Class A/D 120W output power. Moreover, its innovative SAM (Speaker Active Matching) tech optimises this output to maximise the bass behaviour of the Devialet-branded Atohm GT1 'Special Edition' loudspeakers. In practice the benefits of SAM can be felt across the frequency range, the combo offering a luxurious and effortless sound quality.

PRODUCT DETAILS

TYPE Integrated amplifier & speaker package
PRICE £6,290
WEIGHT 5.7/8kg
DIMENSIONS (WxHxD)
Amp: 383 x 40 x 383mm
